`user.name=geoissong`  
`domain=gmail.com`

## RESEARCH INTERESTS

---

- Environmental Health
- Geocomputation
- Health Geography / Spatial Epidemiology
- Spatial Disparity
- Causal Inference
- Mental Health

## APPOINTMENTS

---

Jan. 2024 - Current    **Visiting Fellow**    National Institute of Environmental Health Sciences, Durham, NC, United States  
Mentor: Dr. Kyle P. Messier

## PROJECTS

---

- Socioeconomic-environmental exposure mixture effects on mental illness
- Scalable computation for geospatial exposure assessment

## EDUCATION

---

2019 - 2023    Ph.D. (Geography)  
                  **University of Oregon**, Eugene, United States  
                  Dissertation: Multiscale and Spatiotemporal Dynamics of Socioeconomic and Environmental Effects on Mental Illness Mortality  
                  Advisor: Dr. Hui Luan

2015 - 2017    M.A. (Geography)  
                  **Seoul National University**, Seoul, Republic of Korea  
                  Thesis: Construction of a Resampling-based Imputation Model based on Spatio-temporal Kriging and Its Implication  
                  Advisor: Dr. Key-Ho Park

2009 - 2015    B.A. (Geography, European Regional Studies minor, *summa cum laude*)  
                  **Seoul National University**

#### UNDER REVIEW / IN PREPARATION

- Song, I., & Messier, K.P. In preparation. Accelerating scaled spatial exposure assessment on a parallelized computation infrastructure.

- Song, I., & Luan, H. In preparation. Spatial heterogeneity in causal effect estimation by contextual subregional partitioning.
- Song, I., & Luan, H. In preparation. Does missing mechanism matter to the imputation accuracy? - an evaluation of imputation algorithms for missing mechanisms in simulated and real spatiotemporal data.

## CONFERENCE PRESENTATIONS

---

- Song, I. (2022). Spatial difference in the impact of greenspace exposure on mental illness mortality in the Pacific Northwest United States. *Association of Pacific Coast Geographers 2022 84th Annual Meeting*. Bellingham, WA. Oct. 4 - 6, 2022.
- Song, I. (2021). Does missing mechanism matter?—an evaluation of imputation algorithms for missing mechanisms. *2021 American Association of Geographers Annual Meeting*. Virtual. Apr. 7 – 11, 2021.
- Song, I. (2020). Getting time from space: interactive visualization of temporal information from spatial data. *2020 Portland Cartography Symposium*. Portland, OR. Mar. 6, 2020.
- Song, I., & Luan, H. (2020). Local explanations of individual characteristics and district-level air pollution on low birth weight in South Korea: a Bayesian network approach. *2020 American Association of Geographers Annual Meeting*. (Cancelled due to the COVID-19)
- Song, I., & Kim S.-Y. (2016). Estimation of representative areal concentrations of particulate air pollution in Seoul, Korea. *2016 American Association of Geographers Annual Meeting*. San Francisco, CA. Mar. 29 - Apr. 4, 2016.

## POSTER PRESENTATIONS

---

- Song, I., & Luan, H. (2022). Matching by multivariate similarity matrix with geographic coordinates: Causal inference of the relationship between residential greenspace and deaths by mental illness. *GEOMED 2022*. Irvine, CA. Oct. 12-14, 2022.
- Song, I., & Kim, S.-Y. (2018). A study on the association between two air pollutants (PM<sub>10</sub>, NO<sub>2</sub>) and traffic-related variables in 2010. *Proceedings of the Korean Society of Atmospheric Environment* 2018: 210.
- Song, I., & Kim S.-Y. (2016). Local difference of association between PM<sub>10</sub> and low birth weight. *Proceedings of the Korean Society of Environmental Health and Toxicology* 2016(10):297. (Awarded by the Korean Society of Environmental Health and Toxicology)

## RESEARCH EXPERIENCE

---

### **Affiliated Researcher**

Aug. 2021 - Aug. 2023

#### **National Cancer Center of Korea, Republic of Korea**

- Analyzing spatial patterns and clusters of stomach and lung cancer incidence and mortality in South Korea

### **Research Assistant**

Jun. 2020 - Jun. 2023

#### **Department of Geography, University of Oregon**

- Developing a cloud-based web application for local Human Immunodeficiency Virus (HIV) models
- Reviewed literature and acquired base data for spatial and spatiotemporal analysis of the association between HIV, Hepatitis C Virus, SARS-CoV-2 (COVID-19), and sociodemographic factors

### **Researcher**

Oct. 2017 - Aug. 2019

#### **The Institute for Korean Regional Studies, Seoul National University, Republic of Korea**

- Modeled spatiotemporal dynamics of particulate matter air pollution in Seoul with spatiotemporal kriging and machine learning techniques

### **Research Assistant**

Sep. 2017 - Aug. 2019

#### **National Research Foundation of Korea, Republic of Korea**

Dynamics of coastal environment by climate change (PI: Dr. Daehyun Kim, Seoul National University)

- Investigated the descriptive and predictive contributions of spatial autocorrelation in machine learning
- Conducted a micro-scale quantitative analysis of coastal dunes intervention data in Sinduri, South Korea

### **Research Assistant**

Aug. 2015 - Aug. 2019

#### **National Research Foundation of Korea, Republic of Korea**

Simulation and epidemiological studies on spatial exposure prediction modeling approaches (PI: Dr. Sun-Young Kim, National Cancer Center of Korea)

- Spatial analysis of the association between particulate matter air pollution and low birth weight

### **Researcher**

Jan. - Dec. 2018

#### **National Cancer Center of Korea, Republic of Korea**

- Investigated the contribution of traffic-related factors to the national-scale air pollution prediction model

**Research Assistant** Jun. - Oct. 2017  
**The Asia Center, Seoul National University, Republic of Korea**

- Collected socioeconomic statistical data from countries in East and Southeast Asia to make an integrated database for developing Asia Integration Index

**Research Assistant** Mar. 2015 - Feb. 2017  
**Brain Korea 21 Plus, Seoul National University, Republic of Korea**

- Performed analyses on the estimation of area representative particulate matter air pollution to cope with limited information on precise residential location

**Research Assistant** Jan. - Mar. 2016  
**The Seoul Institute, Republic of Korea**

- Performed spatial analysis to investigate the association between local environments and obesity in Seoul

**Student Researcher** Nov. 2014 - Feb. 2015  
**University for Creative Korea Initiative, Seoul National University, Republic of Korea**

- Collected ground-truth data of the spatial distribution of plants including rubber, tea, and banana in Xishuangbanna region in Yunnan, China for "Grain for Green" policy analysis
- Classified Landsat-5 and -8 data to make crop maps

**Student Researcher** Jun. 2013 - Dec. 2014  
**Seoul National University, Republic of Korea**

- Analyzed socioeconomic vulnerability at census tract level with public statistical data and multivariate statistical methods in Seoul, Republic of Korea

**Research Assistant** Oct. 2014 - Nov. 2014  
**The Korea Research Institute for Human Settlements, Republic of Korea**

- Analyzed traffic accident reports to investigate the causes of traffic accidents by text mining

## WORK EXPERIENCE

---

**Data Analyst** Sep. 2023 - Jan. 2024  
**National Institute of Environmental Health Sciences**  
Durham, NC, United States

- Developed R package for automatic parallelization of geospatial data handling for environmental health research

**Instructor** May and Aug. 2017  
**Partnerships in Environmental Management for the Seas of East Asia**

- Developed instruction materials for implementation of a spatial reserve optimization software Marxan and Marxan with Zones (Marxan-Z)
- Compiled instruction materials using local spatial data for the delineation of marine protect area in the Verde Island Passage near Batangas city; developed data conversion tool for Marxan and Marxan-Z with Tcl/Tk in R (patented by the Korean Intellectual Property Office)

**Field Geographic Data Collection Coordinator** Jul. 2015 - Oct. 2015  
**Seoul National University**

- Recruited, organized, and coordinated eight field data collectors to survey the indoor composition of printing or press shops in Euljiro area in Seoul Metropolitan City
- Distributed building maps, digitized the hand-drawn field maps and compiled visual deliverables

**Secretary** Mar. 2014 - Dec. 2014  
**The Association of Korean Cultural and Historical Geographers, Seoul, Republic of Korea**

- Liaised with members on association affairs
- Compiled abstracts for 2014 Annual Meeting of the Association of Korean Cultural and Historical Geographers and cultural geography sessions in 2014 Annual Meeting of Korean Geographers

**Field Geographic Data Collector** Jul. 2014  
**Seoul National University**

- Collected Wi-Fi router service set identifiers [SSID], signal strength and their approximate geographic locations in Dongjak and Gwanak districts, Seoul Metropolitan City, Republic of Korea
- Compiled tabular data from an SQLite database of Wi-Fi router information for spatial analysis

**Sergeant (GIS Specialist)** Feb. 2011 - Nov. 2012  
**The 3rd Republic of Korea Army Headquarters, Republic of Korea Army, Republic of Korea**

- Conducted spatial analyses for supporting operations and drills; developed and launched an automatic tool for capturing web imagery; provided printed and electronic tactical maps

## TEACHING EXPERIENCE

---

### **Instructor, University of Oregon**

Jan. - Apr. 2023

GEOG481 Geographic Information Science (GIScience) I

- Key primer course for GIS curriculum in the department; fifty-seven students enrolled
- Developed lecture materials, administered lab sessions, and evaluated students

### **Teaching Assistant, University of Oregon**

Sep. 2020 - Jun. 2022

GEOG490 Public Health and GIS

Apr. - Jun. 2022

GEOG4/590 [Topic Geospatial Data Science Applications \(Python\)](#)

Jan. - Mar. 2022

GEOG4/594 Spatial Analysis

Sep. - Dec. 2021

GEOG4/581 GIScience I

Jan. - Mar. 2021

GEOG4/594 Spatial Analysis

Sep. - Dec. 2020

### **Session Organizer and Tutor**

**Geographers' Cooperative Network for Data Analysis (GeoCONDA) Bootcamp**

Jun. 2018 - Aug. 2018

- Seven-week workshop for five upper undergraduate students at Seoul National University
- Prepared course materials and taught spatial data collection, management, visualization, and analysis with machine learning in R and Python (materials available at [GitHub](#), in Korean)

### **Teaching Assistant, Seoul National University**

Analytical Methods in Geography

Spring 2017

Geographic Information Systems

Fall 2015

## INVITED TALKS

---

Spatial clustering analysis with covariates: a case of stomach and lung cancer at district level in South Korea. National Cancer Center of Korea. Dec. 2021, Virtual.

Vessel trajectory analysis: a case study in Yellow Sea. The Korea Maritime Institute. Sep. 2021, Virtual.

## PROFESSIONAL DEVELOPMENT

---

Office of Intramural Training & Education, National Institutes of Health, *Responsible Conduct of Research Training*, Mar. 6, 2024, Virtual.

American Association of Geographers 2022 Summer Series: Advanced-level Workshop, *Developing Open Source SpatiaLite Databases in QGIS*, Jul. 11 - Sep. 8, 2022, Virtual.

The Big Data Institute, Seoul National University, *The 5<sup>th</sup> Big Data Camp: Introductory Engineering for Big Data Scientists*, Feb. 6 - 8, 2017, Seoul, Republic of Korea.

## AWARDS AND HONORS

---

Sandra Pritchard Mather Graduate Student Award, University of Oregon, Jun. 2022.

Lokey Graduate Science Award, University of Oregon, Oct. 2019.

Excellent Poster Award, The Korean Society of Environmental Health and Toxicology, Oct. 2016.

## SCHOLARSHIPS AND GRANTS

---

### *Funded / Granted*

The Association of Pacific Coast Geographers, Travel Grant, USD 300, Oct. 2022.

University of Oregon, Department of Geography Sandra Pritchard Mather Graduate Award, USD 2,000, Jun. 2022.

University of Oregon, Department of Geography Rippey Dissertation Grant, USD 5,000, Apr. 2022.

University of Oregon, Department of Geography Rippey Graduate Grant, USD 500, Dec. 2021.

University of Oregon, Raymund First-Year Ph.D. Fellowship, USD 55,399, Fall 2019 – Spring 2020.

University of Oregon, Lokey Graduate Science Award, USD 6,000, Fall 2019.

Seoul National University, Lecture and Research Scholarship, KRW 2.7M, Spring 2017.

Seoul National University, International Conference Grant, KRW 1.8M, Mar. – Apr. 2016.

Seoul National University, Merit-based Scholarship, KRW 4.2M, Spring – Fall 2015 and Fall 2016.

The Sung Ryun Scholarship Foundation, Academic Performance, KRW 3.0M, Spring 2014.

Seoul National University, Undergraduate Research Grant, KRW 3.0M, Fall 2013 and Fall 2014.

Seoul National University, Academic Performance, KRW 2.4M, Fall 2009 – Spring 2011.

The Priming Water Scholarship Foundation, Academic Performance, KRW 3.0M, Mar. 2009.

### *Not funded*

National Science Foundation, Doctoral Dissertation Research Improvement Grant, USD 17,760.

## MEMBERSHIP

---

American Association of Geographers (2019 –)

Korea-America Association for Geospatial and Environmental Sciences (2020 –)

The Korean Geographical Society (2021 –)

## SERVICE

---

### Manuscript review

*BMC Public Health* (2)

*JAMA Network Open* (1)

### Intramural service

Department Steward, Graduate Teaching Fellow Federation, University of Oregon (2020 – 2022)

Treasurer, Geography Graduate Student Association, Seoul National University (SNU) (2015)

Chair and Member, Geography Club GET, Department of Geography, SNU (2013 – 2014)

Organizer, Classics in Social Sciences Reading Group, Department of Geography, SNU (2013 – 2014)

Co-organizer, Geographers' Night, Department of Geography, SNU (2014)

### Outreach service

Braille Book Production Volunteer, Siloam Welfare Center for the Blind (Seoul, Republic of Korea) (2013)

Mentor, Seoul National University & Korea Scholarship Foundation (Seoul, Republic of Korea) (2013)

## SKILLS

---

Computer language	R, Python, Julia, SQL (Spatialite, PostGIS), JavaScript, C++, L <sup>A</sup> T <sub>E</sub> X, Shell
Software	QGIS, ArcGIS Suite, Microsoft Office Suite, Microsoft Azure, Docker, Apptainer (Singularity), Quarto, Shiny, GIMP, Inkscape
Language	Korean (Native), English (Professional Proficiency), Standard Chinese, Japanese, German (Reading)

## SOFTWARE

---

[autoSTK](#): automatic spatiotemporal Kriging in R

[chopin](#): Computation for Climate and Health research On Parallelized INfrastructure

## PATENTS

---

[Korea Patent Registration No. 1024661190000](#), Apparatus and Method for Extracting Main Vessel Lane Network Based on AIS Information (with Jongseo Yim, Jae-Young Park, Sungjin Cho, and Chan-Woong Kim [The Korea Maritime Institute])

Korea Patent Registration No. 1019917960000, Method of Automatically Generating Input File of Marxan with Zones from Shapefile (with Jung-Ho Nam and Jongseo Yim [The Korea Maritime Institute]).

## OTHER INFORMATION

---

Nationality Republic of Korea  
Pronouns He/Him/His
